

Change in 1040 Filing Deadline for 2010 Individual Income Tax Returns and Extensions

Even though April 15, 2011 falls on a weekday (Friday), the due date for filing federal individual income tax returns for tax year 2010 is Monday, April 18, 2011. The due date is delayed because Friday, April 15th, is Emancipation Day, a legal holiday in Washington, D.C. The April 18th due date is also effective for filing Form 4868 for an automatic extension, although the extended due date is October 15, 2011.
